By all odds the greatest feature thus far of the Western Michigan Fair was the baby show, which was held in the booths occupied by Crozier Brox, yesterday afternoon. There was an enormous crowd of people about the booths at the time the event took place, and each one in that moving, pushing mass of humanity gazed eagerly at as pretty a right as eye ever looked at. Thirty-six mothers were pressed on the platform and each held in her lap or trundled in a chair a bright-eyed.

All those visiting the Western Michigan fair today should not fail to visit the beautiful display made by H. J. W. Campman, located at No. 182 East Fullon street. This gentleman's exhibit is in art hall and consists of elegant plance and organs and several makes of sewing machines. The whole makes the best show in the hall. This afternoon, from 2 o'clock to 5 o'clock, Mr. Campman will give a vocal and instrumental concert and not one should fail to be present. Andrews, Brown & Co. are certainly deserving of the enterprise they are showing in bringing the "Nine O'clock Washing Tea" to the front. While this Washing Tea" to the front. While this firm are hustlers and possess any amount of push, they must not take all credit for the success their Tea is meeting with, because the article they are handling is a first-class one in all respects and is rapidly becoming a household necessity. The "Nine O'clock Washing Tea" is a substitute for soap, and its great feature is its ability to accomplish better work and give far more satisfaction than will soap. Samples are given away daily to the visitors at the fair, and Andrews, Brown & Company give all a cordial invitation to visit their booth in Art Hall today and secure one. Ladies will find it to their interest to procure at least one sample of "Nine O'clock Washing Tea."

No Cause to Complain.

The Henry Smith Floral company, managed by J. W. Rawlinson, can rest easy on the laurels obtained by them at the fair. Merit is bound to win, and it was pure, unadulterated merit that gave this company such success at this fair. On their display of plants this company received nearly twenty first premiums, and also were given the blue card for hot house plants, floral design for large hall, for arrangement of truits and flowers for table, for basket flowers for tables, for design flowers for table and for four corsage bouquets. Also about a dozen first premiums were given the firm for cut flowers. This is a remarkable showing and one any concern should be proud of.

A Wonderful Machine.

There is no doubt that man is a fine mechanism, but like every other ma-chine he wears out by friction. It is said that he is born again every two or three years. His body is virtually re-made from food. To retard this making made from food. To retard this making over is radically wrong, as a man loses so much vitality in the delayed process that it takes a long time to recuperate. The process of making anew is so accelerated by purging with Brandreth's Pills that a new man, as it were, may be made in two or three months, and the change in the machanism is such that hange in the mechanism is such that the worn out part is replaced by the new without the usual running down of the entire machine. You don't have to stop for repairs. Purge away with Brandreth's Pills the old, diseased and worn out body. They are purely vege-table, absolutely harmless, and safe to
